OUR VISION, MISSIONS & VALUES

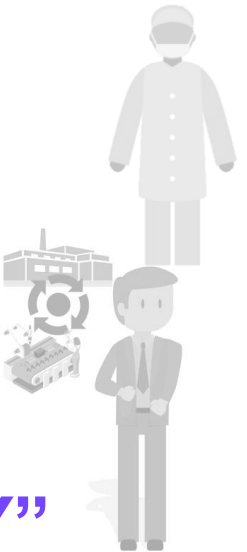

- Creation in **1986**
- **Contribute to** the development of drug production and Clean & Sterile Equipment

Federate an international network of manufacturers and suppliers in the Pharmaceutical, Bioproduction & Cosmetics Sectors.

Sharing technical, scientific and regulatory experience / good practices

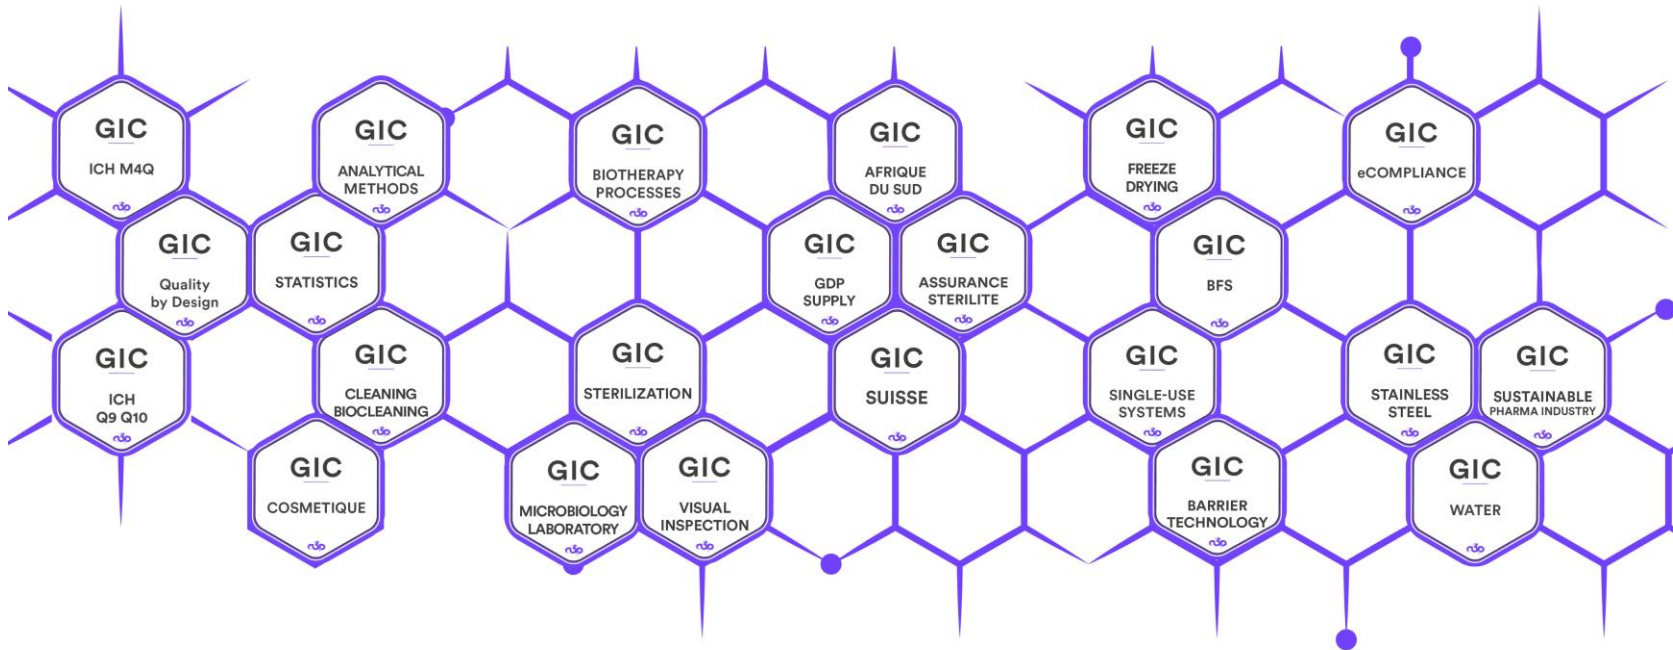

Be a renowned player in production, quality, regulatory and innovative fields.

“EXPERTISE - SHARING - CONVIVIALITY”

COMMON INTEREST GROUPS (GIC)

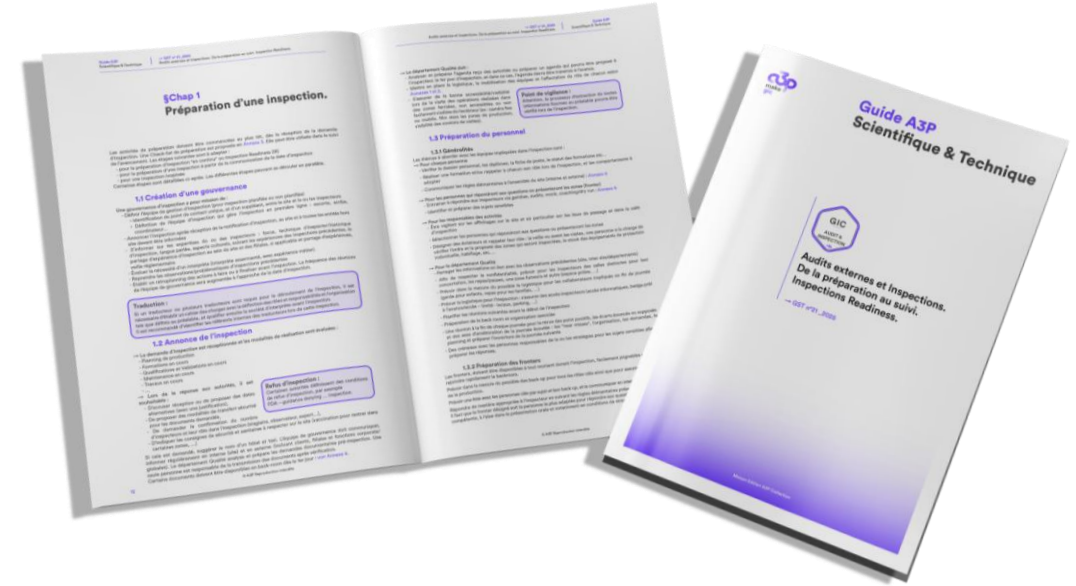

Groups for discussion, sharing experience and perspectives between manufacturers and suppliers around a specific topic, with the aim of providing insights or common solutions on one hand, and to offer initiatives to regulatory bodies on the other.

- **24** active GICs
- **+300** Experts
- **22** Scientific & Technical guides

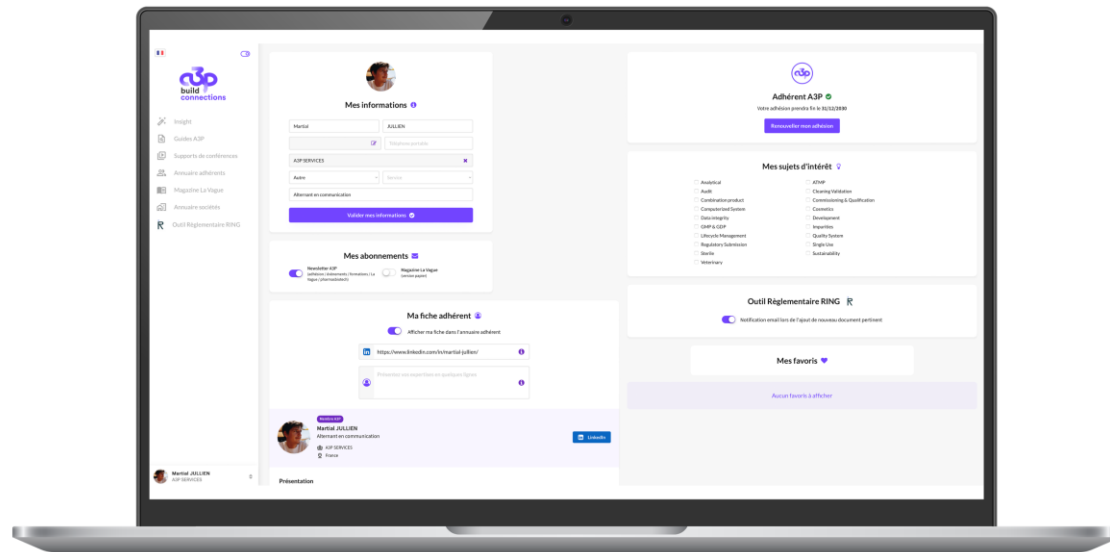

LIST OF DELIVERABLES GIC A3P
