DOLIAM, A Leading Medtech/Deeptech Industrial Group

French industrial family group,
Second generation

8 subsidiaries
and 3 equity investments

Established since 1984

600 people (France &
USA)

DOLIAM Group, 40 Year Experience In Medtech & Microelectronics

Technologies

MEMS Ultrasound

Energy / μ battery Design

Mechatronics Plastics

ASIC's Design

Electronics

Software / Firmware

Sub-Assemblies

Ultrasonic Probes

4D Imager

Electronic Board

Test Bench

Asic

Products

Medical Device Portable Class 1

Ambulatory Medical Device Class 2

Implantable Medical Device Class 3

MedTech Industrial Campus, Unique Accelerator For Medtech & Deeptech

Offices & engineering services

	Printed board design & manufacturing
	Battery & Energy management consultancy
 D O L I A M	Intellectual property consultancy
 D O L I A M	Medtech reglementation consultancy

Foundry services & clean rooms services

Specific electronic components manufacturing	 D O L I A M
Clean room renting	 D O L I A M
Mutualized semiconductor equipments	 D O L I A M
Mutualized engineers & technicians	 D O L I A M

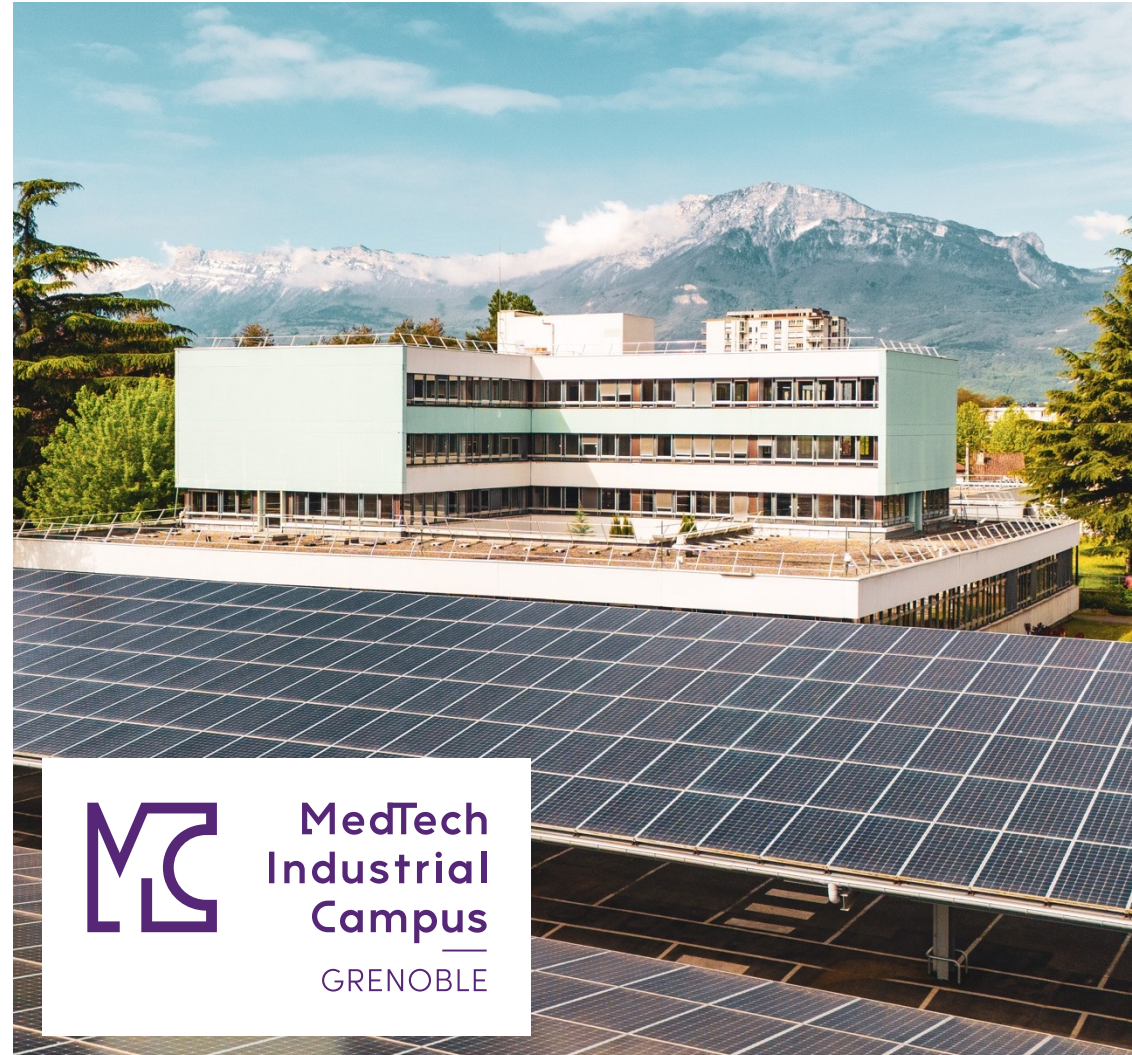

MedTech Industrial Campus Grenoble

5 000 m²

Offices
& technical areas

High security
(access & IT)

Auditorium

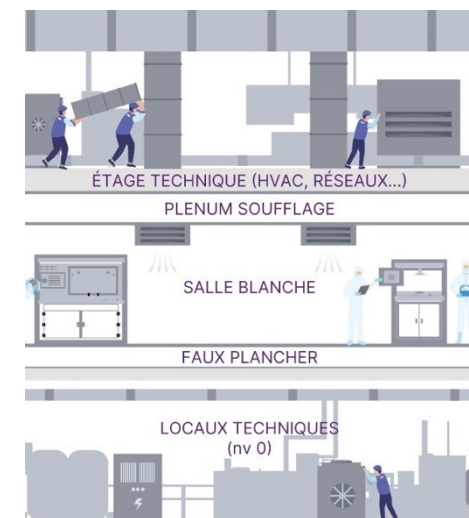

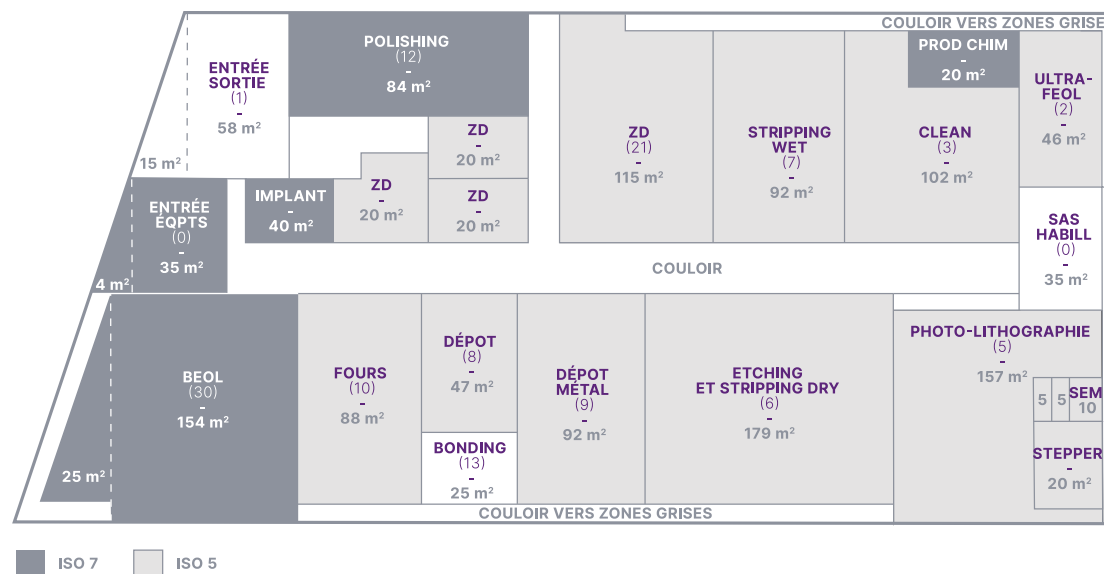

MedTech Industrial Campus Grenoble, Semiconductor MEMS Fab Project

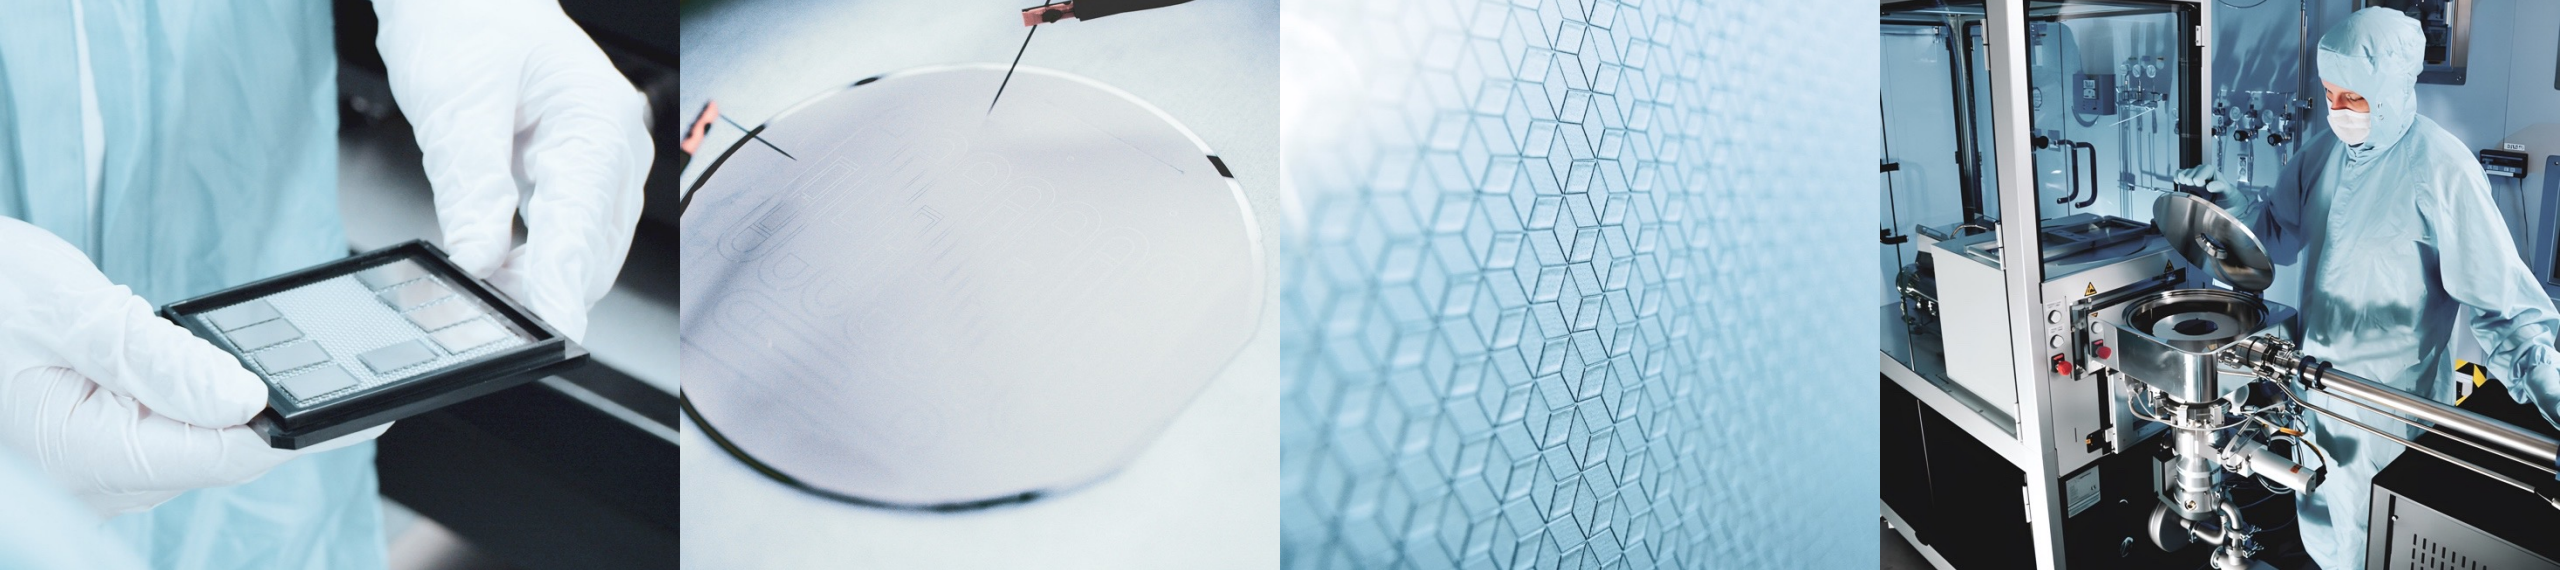

Clean room ISO7 & ISO5

MEMS technologies

2 000 m² for equipments

Operations start 2028

Breakthrough Technologies Based On MEMS Technologies & Equipments

Ultrasound transducers

→ CMUT technology

Biocompatible Materials

→ Titanium

New Materials

→ Magnetic materials
→ Nanoporous silicon
→ Diamond
→ Resins

Specific Equipments

→ Magnetic materials
→ Deep Etching
→ Atomic Layer Deposition

Industrial Partner Of Medtech & Deeptech Labs
