

Contract Service Provider

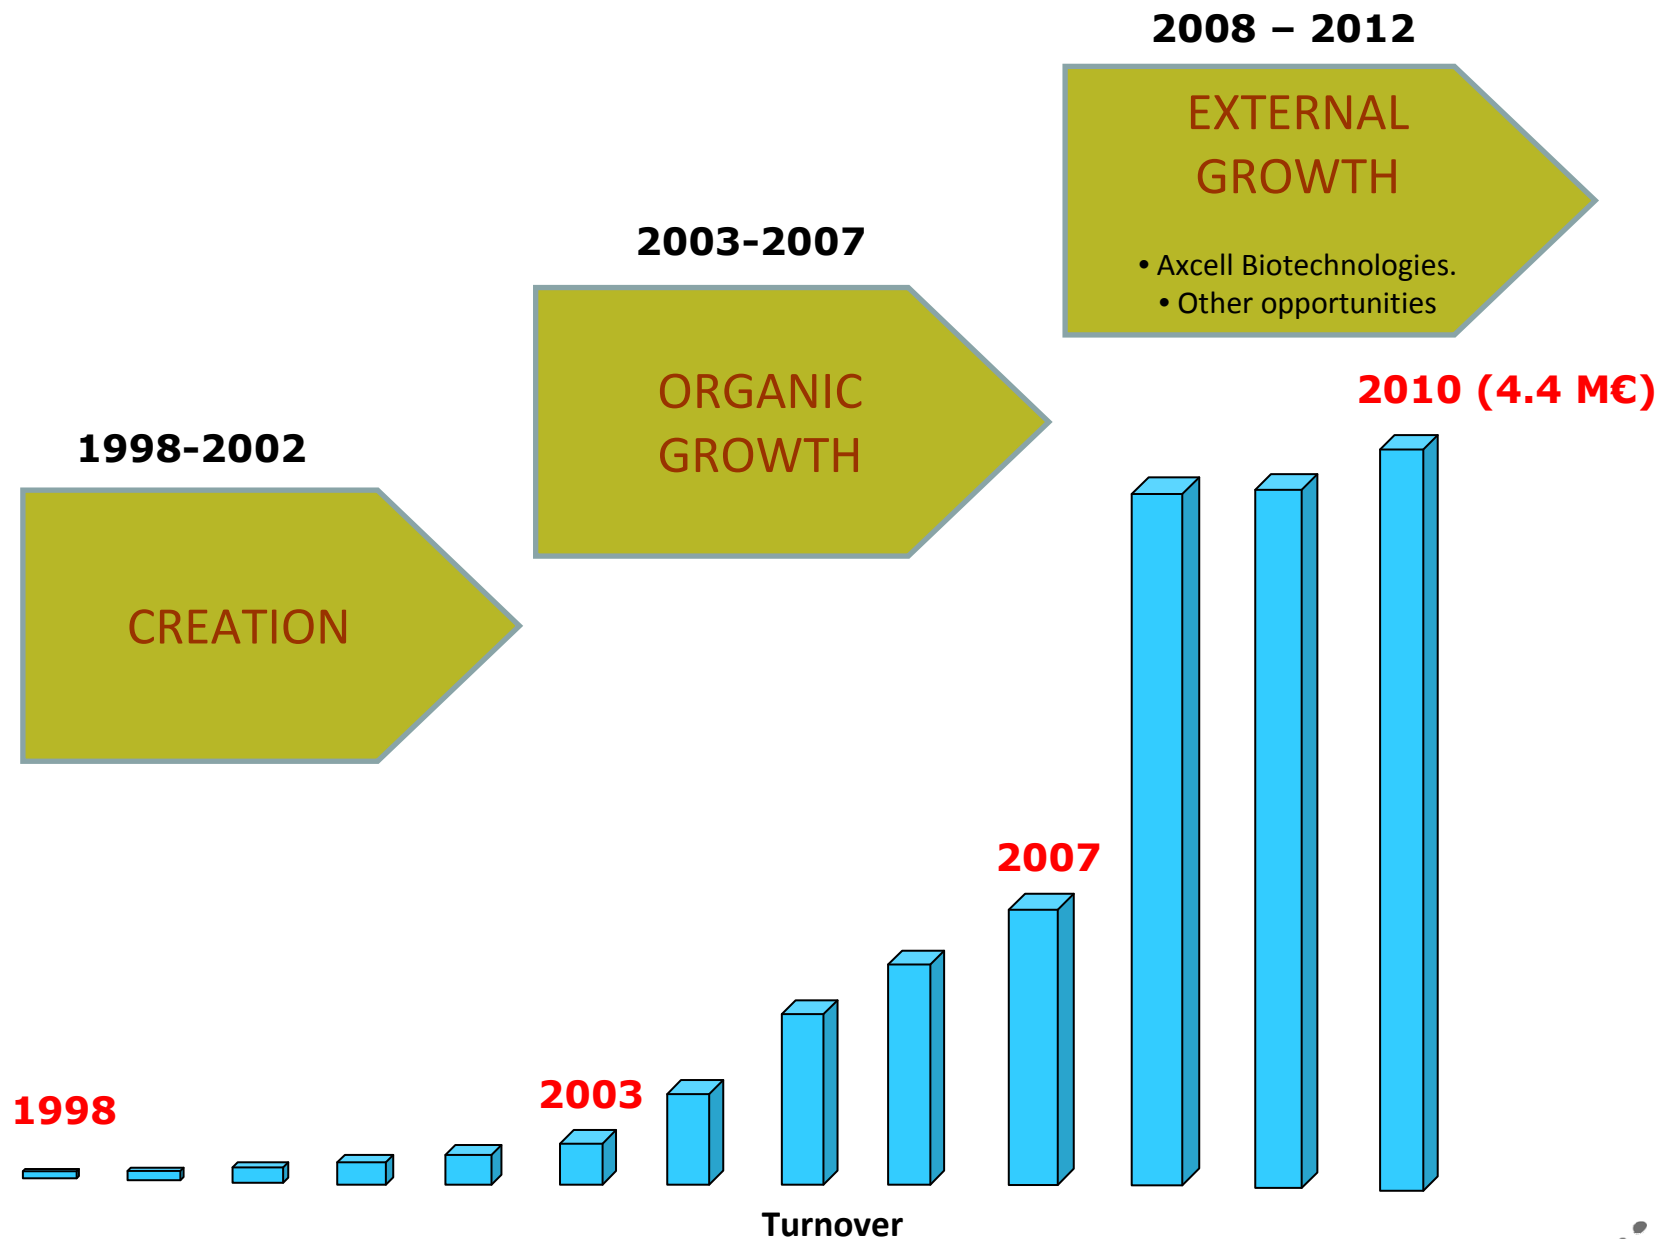

OEM Manufacturing

coated microspheres
bio-services
immuno-magnetic solutions
microbiology

Indicia 'at a glance'

Date of establishment	• 1998
Location/Team	• France (Lyon) • 50 employees
Business Model	• Mix Service Provider & Product Manufacturer
Mission	• Provide the BioIndustry with tailor-made solutions in Assay Development, Sample Analysis & Reagent Manufacturing
Technical expertise	• Immunotechnology – Biochemistry - Microbiology

Indicia 'at a glance'

Facilities

R&D & Bioanalysis

- Laboratory surface: 250 sq.m
- 15 employees
- Team of scientists specialized in
 - immunotechnology
 - Biochemistry
- ISO 9001:2008 & ISO 13485

Manufacturing

- Building surface: 3000 sq.m
- 400 sq.m. of cleanroom
- Biosafety level 2 lab.
- 35 employees
- ISO 9001/ISO 13485
- Meet GMP guidelines

QUANTIFICATION

Indicia Production

❑ PHARMA

Formulation, production and filling of sterile media and raw pharmaceutical products (API)

❑ INDUSTRY

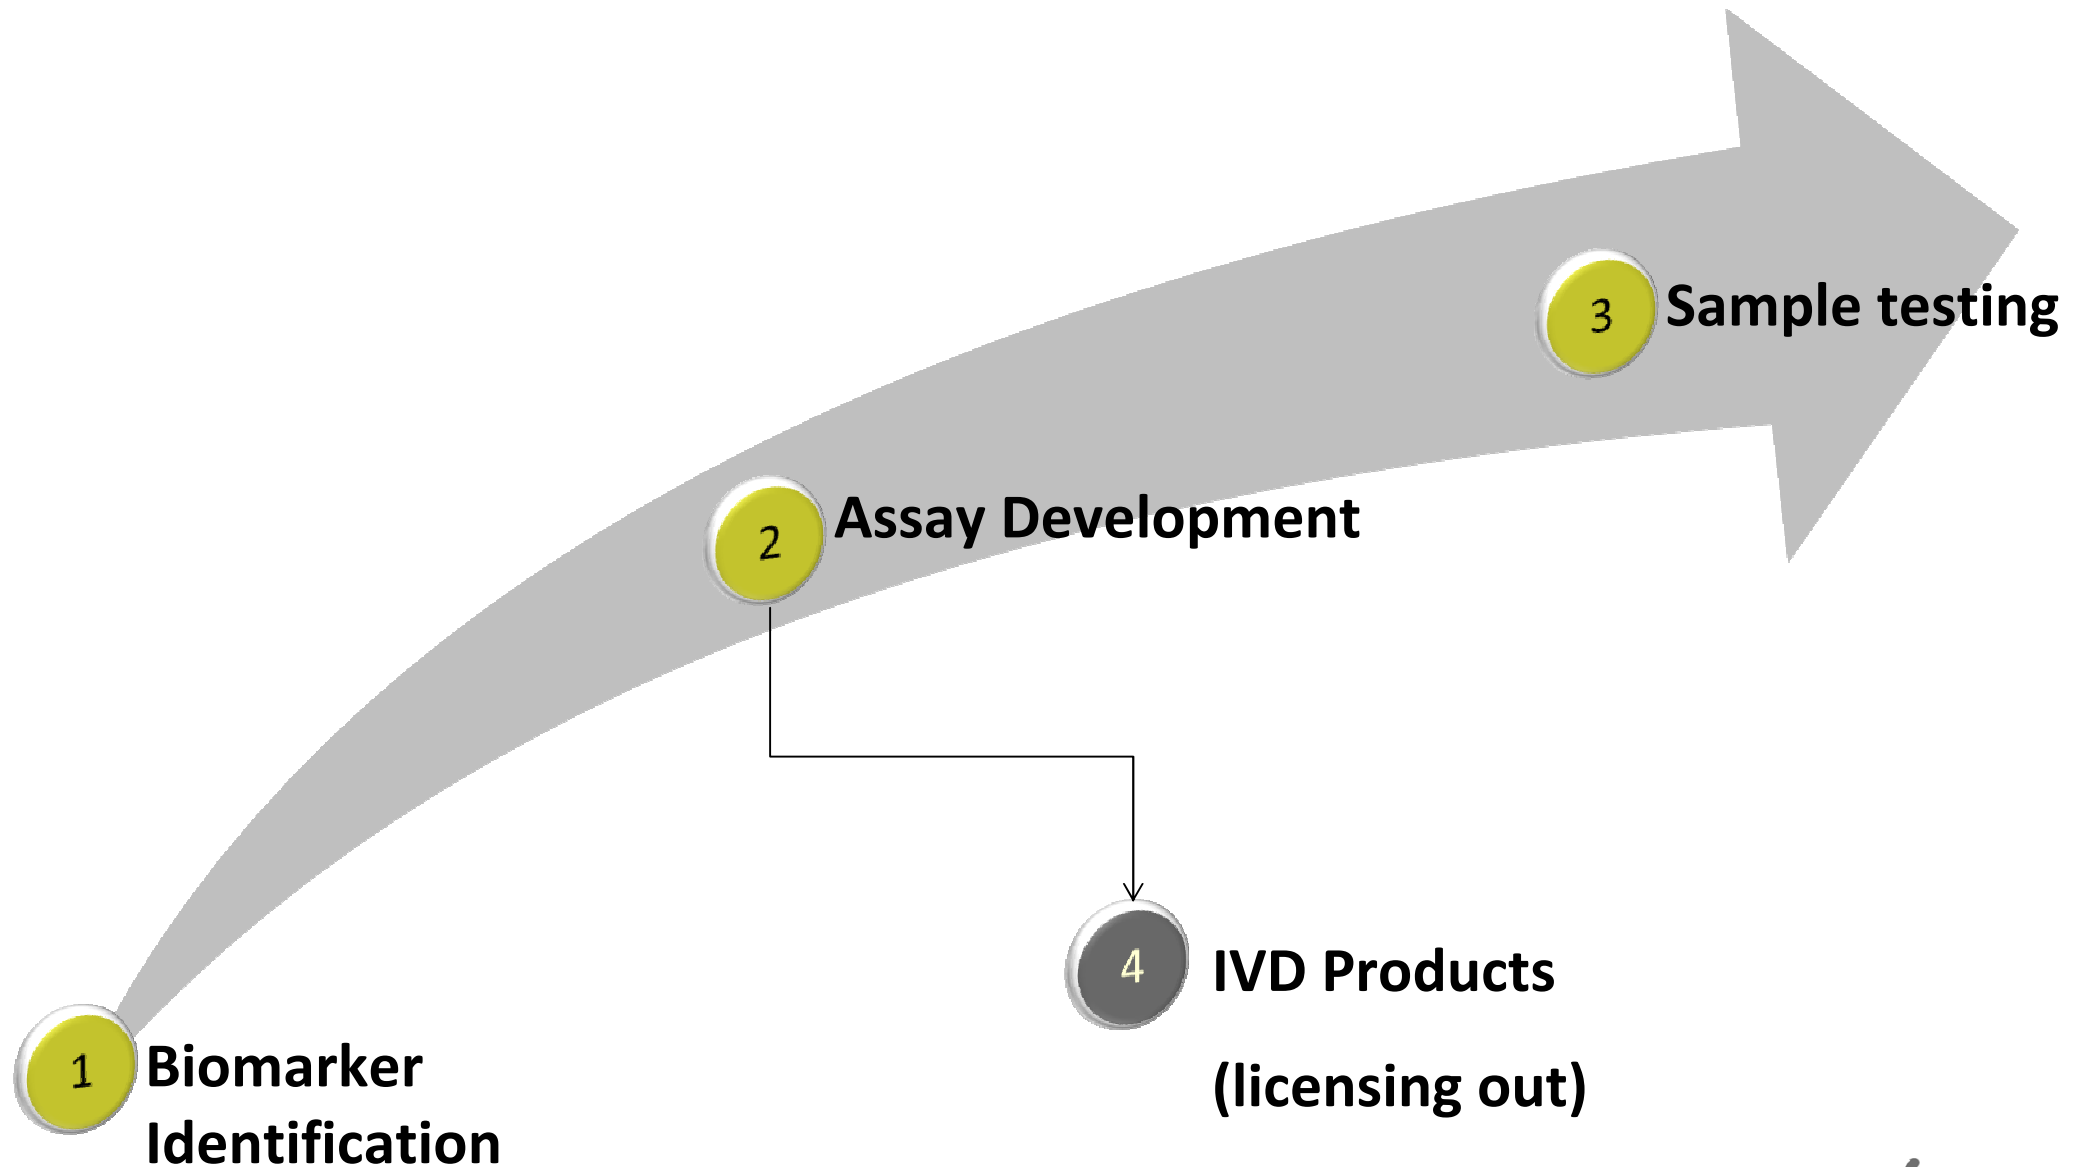

Production of ready-to-use microbiological media

❑ DM/DIV

Medical devices (Sterile & liquid)

Perspectives 2011 - 2016

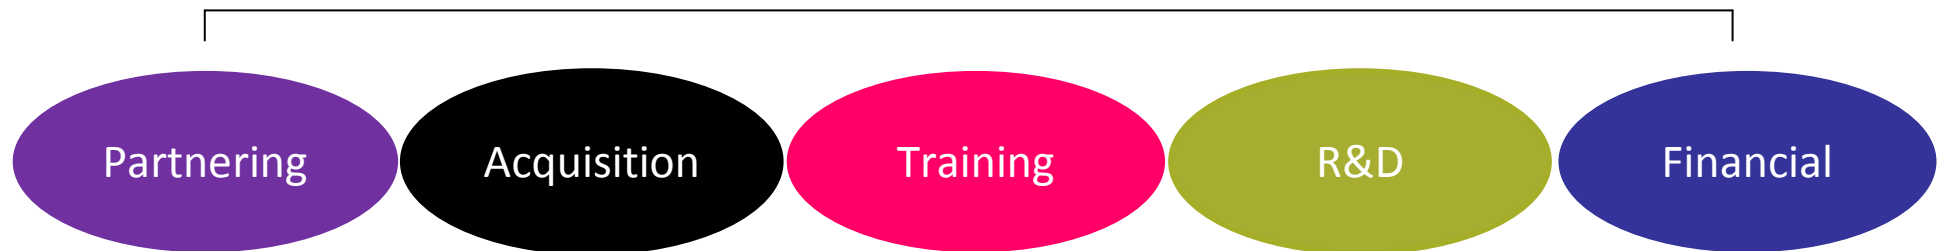

Perspectives 2011 - 2016

MAIN CHALLENGES

1 – Technologies (Assay Development & Sample Testing)

2 – Reglementary Environment

4 – IP

Perspectives 2011 - 2016

Early 2011

- 1 – Fund raising (July 2011)
- 2 – Acquisition of an animal house (April 2011)
- 3 – Indicia Production: investment of 800 k€ - GMP compliance (Jan – July 2011 – Supported by Conseil Général du Rhône)
- 4 – IRT

Indicia joins the IRT project supported by The Lyon Biopôle & Institut Pasteur

Bioanalytical Plate-form

Characterization of the patient's immune response

SME : Indicia – ImmunID – Platine – Imaxio – Biomnis ...
