

BIOVISION The World Life
Sciences Forum

Under the high patronage of
Mr. François HOLLANDE
President of the French Republic

April 13-14th, 2016 | Lyon, France

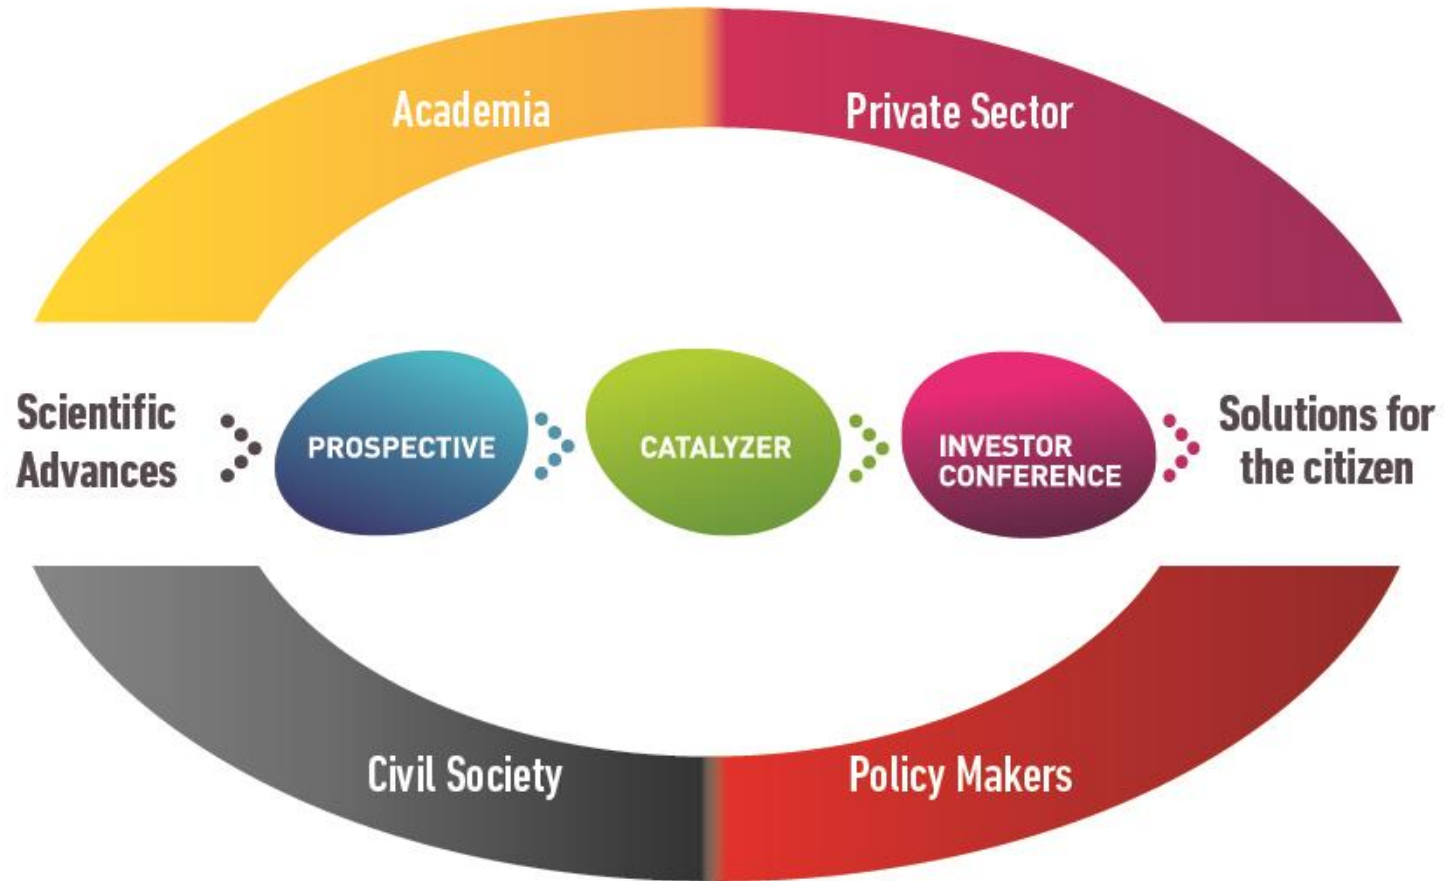

OPERATED BY

WITH THE SUPPORT OF

AUVERGNE – Rhône-Alpes

ONE MISSION : Translate innovative ideas into actionable solutions for the benefit of citizens.

- A dedicated path including specific organizers and partners.
- A place to launch “**call for action**”

Workshop

- 20-30 experts will discuss on each topic.

Plenary sessions

- Among the 20-30 experts, a selection will be invited to take part in a plenary session, expose their findings and propose a call for action to International Key stakeholders and attendees,

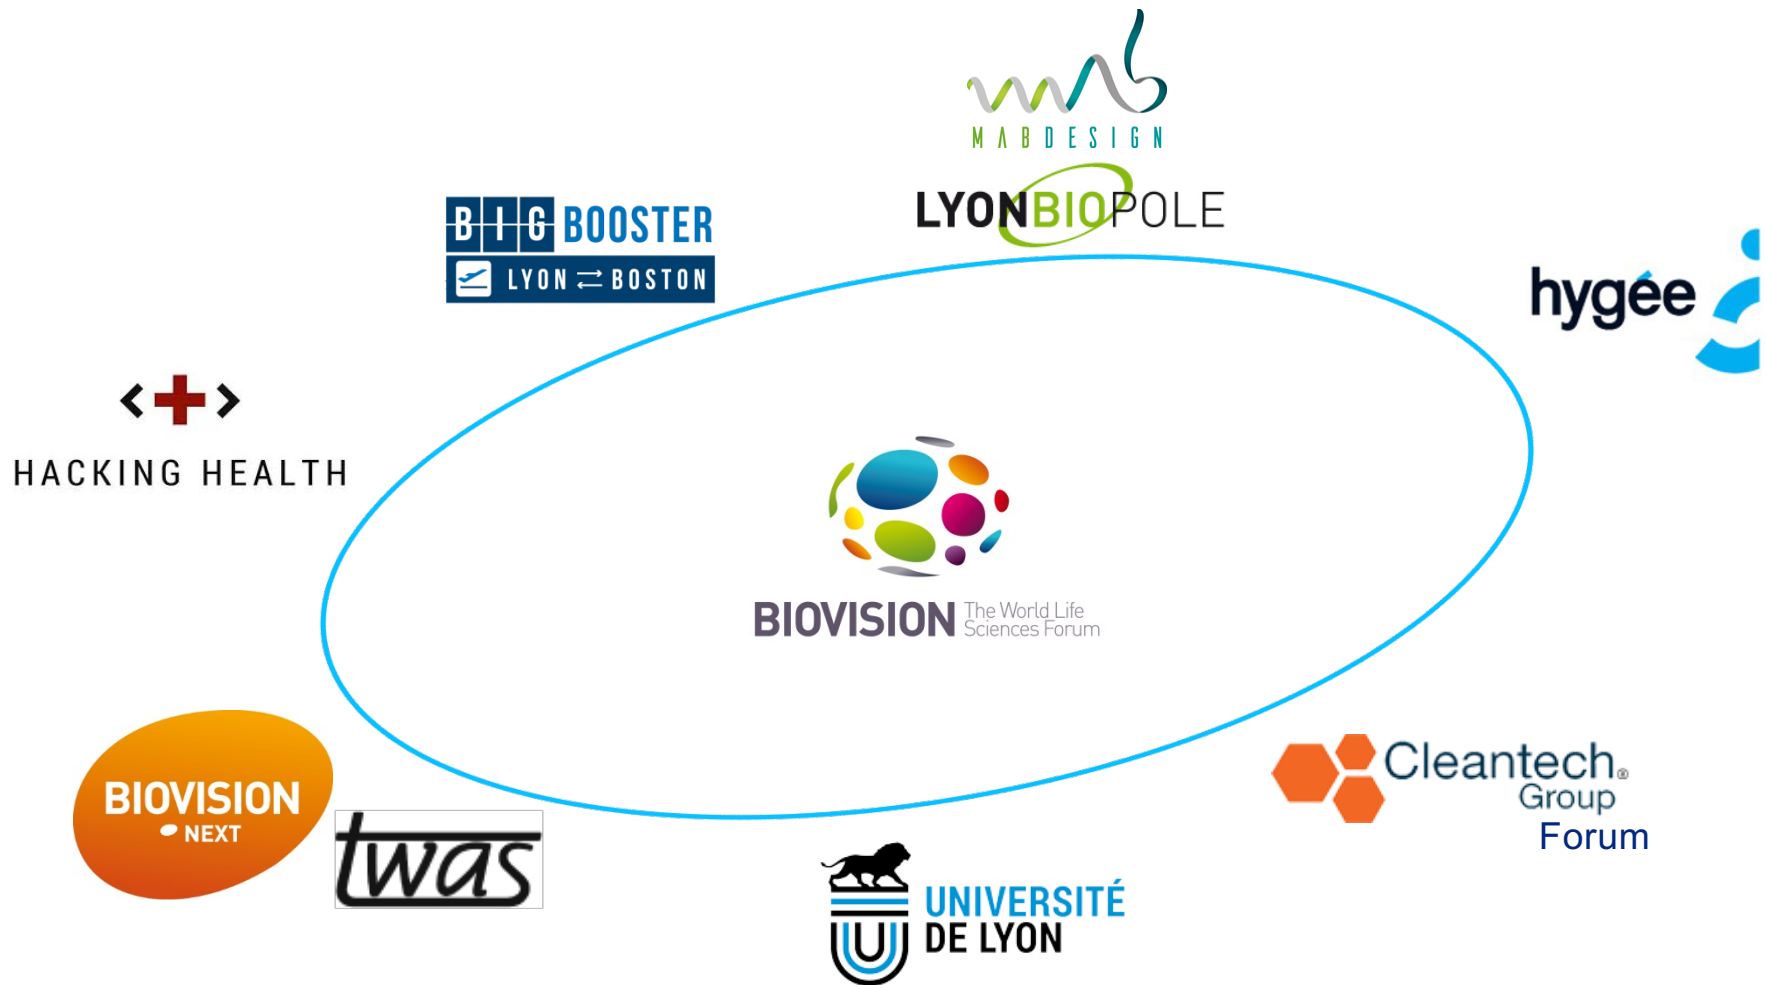

Conclusions

- The call for action will be delivered to the attendees during the closing session of Biovision.
- The call for action will be communicated to international organizations and by web/ digital campaign

Prospective theme: **GLOBAL HEALTH & PREVENTION**
